Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Geographic Area
THRU : Chief, Cartography Division RW

DATE: 19 January 1956

FROM : Chief, USSR-Satellites Compilation Branch, D/GC

SUBJECT: Comments on Career Development in the Geographic Area, DRAFT 4 January 1956 (Revised)

GC/S concurs in the basic approach to career development outlined in the statement. Some individuals felt that the meanings in some of the sentences were not clear because of the length of sentences. Aside from this, the Branch suggests the following rephrasings of items pertaining to the Cartography Division. These suggestions are made in the interest of greater specificity:

Page 6, 1,a,(1) - Add one item after item (a) (renumber remaining items (b) thru (e) to (c) thru (f):

"(b) Guidance in the exploitation of the source materials and current intelligence pertinent to his area of responsibility."

Page 7, 1,a,(2) - Change to read: "An opportunity to acquire competence in his area of specialization by:"

1,a,(2),(a) Change to read: "Continual use of basic source materials and current intelligence pertinent to his area of responsibility by:"

Page 8, 1,a,(3) - Change to read: "An opportunity to develop the most effective presentation techniques, utilizing the latest technological advances in map construction and reproduction by:"
